23	24 Cheeseburger Fries	25 Cheese Quesadilla	26 Chicken Parmesan	27 Tuna Sandwich Chips	28 Pizza	

# Shoutout to Our Top Double Good Popcorn Sellers!

While our Double Good Popcorn Fundraiser didn't reach its full potential, we want to take a moment to recognize the students and staff who went above and beyond to support our school. Thanks to their efforts, we raised \$2,808 in popcorn sales and received \$200 in cash donations—every bit of which will go toward enriching our school programs.

A special congratulations to our top student seller, Rahmir Washington (4th grade), who sold an impressive \$539 in popcorn and earned the \$100 cash prize! We also want to acknowledge Aylani-li Izzard (6th grade) with \$524 in sales and Avery Gegner (1st grade) with \$501 in sales for their outstanding efforts.

On the staff side, Ms. Alicia led the way with \$618 in popcorn sales and \$200 in cash donations. As a generous gesture, she chose to split her \$100 staff prize between Aylani-li and Avery, recognizing their hard work.

A huge thank you to everyone who participated and put in the effort to make this fundraiser a success. We appreciate your dedication and look forward to even greater participation in future fundraisers!

Great job to our top sellers!

Rahmir Washington

Aylani-li Izzard

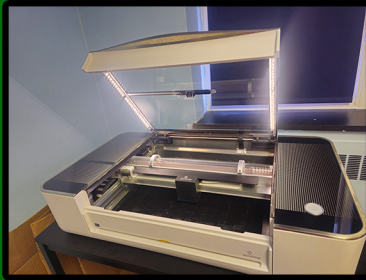

Avery Gegner

# Exciting Upgrades for the NHCA TECHNOLOGY & ART CENTER

Big things are happening at New Hope Christian Academy, and we're thrilled to share some exciting news! Thanks to a generous grant, we have taken our Technology & Art Center to the next level with some amazing new tools and equipment.

## A Creative Playground for Students

This year, our students will have the opportunity to explore technology and creativity like never before. We've added:

- Glowforge Laser Printers/Engravers – Perfect for cutting and engraving designs on wood, acrylic, and more!
- Dremel 3D Printers – Students can bring their ideas to life by printing 3D objects from scratch.
- Cricut Machines – From custom stickers to T-shirt designs, these machines open up endless creative possibilities.
- Laptops – Ready for coding, design projects, and all things digital.
- Heat Press – Students can create custom apparel, tote bags, and other heat-transfer designs.

And if that wasn't exciting enough, we've stocked the center with all the art supplies needed for the entire school year! No more last-minute runs for paint or paper—our students will have everything they need to create, explore, and innovate.

## Our FIRST Student-Created Product is Here!

We've already started putting our new equipment to good use! Our students designed and created NHCA keychains using the Glowforge Pro, and they are now available for purchase in the school store for just \$3. Every purchase helps support future student projects, and we can't wait to share more student-made items with you soon! Stay tuned as we continue creating and adding new products to the store.

---

## A Fully-Equipped Culinary Arts Program

Our Culinary Arts program also got a major boost! Our kitchen is now stocked with all the tools and equipment students need to master the art of cooking. Plus, students have brand-new aprons to wear while they cook up delicious creations.

One of the most exciting additions? An indoor hydroponic system! Students will grow their own herbs and vegetables right in the classroom, learning hands-on about sustainability and farm-to-table cooking.

We can't wait to see (and taste!) all the incredible projects coming out of NHCA's Technology & Art Center and Culinary Arts program. Be sure to check out the school store and stay updated on all the exciting things happening at NHCA!

# THE ALUMNI CONNECTION

KEEPING THE NEWHOPEIAN SPIRIT ALIVE

*CELEBRATING THE ACHIEVEMENTS AND SUCCESSES OF OUR NEWHOPEIAN ALUMNI, AS THEY EXEMPLIFY THE ENDURING SPIRIT OF OUR SCHOOL COMMUNITY WHILE MAKING THEIR MARK ON THE WORLD.*

## **Celebrating Jeremy Williams, NHCA Alumnus & Lifelong Learner**

Jeremy Williams is no stranger to New Hope Christian Academy's legacy of perseverance. A member of the original "Fab Five" and a proud Class of 2016 graduate, Jeremy's journey since leaving NHCA proves that it's never too late to pursue your dreams—or to head back to school.

After graduating from NHCA, Jeremy enrolled at Jean Madeline, where he studied Cosmetology. His creative flair and dedication led him to work in salons across Pennsylvania and Florida, specializing in hair coloring, blowouts, and silk press services. While he thrived in his salon career, Jeremy felt the call to continue his education in a different field. Last year, he made the inspiring decision to return to school, this time pursuing a Bachelor's degree in Business Administration at American Intercontinental University.

Jeremy's commitment to excellence shines through his academic achievements. He has made the Dean's List every term since his enrollment, been awarded the President's Academic Excellence Award three times, and most recently was inducted into Alpha Sigma Lambda, the oldest and largest national honor society for adult learners.

Jeremy Williams is a testament to our school's spirit and proves that success is within reach at any stage of life. We celebrate his accomplishments and hope his story inspires every reader of The NewHopeian to remember that it's never too late to keep learning and growing.

Join us for an inspiring Black History Month celebration as we pay tribute to the pioneers, visionaries, and everyday heroes whose legacies continue to guide and shape our lives

# WHEN GREAT TREES FALL:

Honoring Legacies that Shaped Us

Come experience powerful presentations, uplifting music, and an engaging community atmosphere. There will be a freewill offering to support ongoing programs. All are welcome—bring family and friends as we remember, reflect, and honor the giants on whose shoulders we stand.
